Instructions for Submitting the Progress Report Form

Because of your current level of academic probation, we want you to play an active role in assessing your academic performance this quarter. To assist you in this assessment, we have created a progress report form that requires input from both you and your instructor. Please answer the student questions carefully, and use your responses as a way to focus your academic priorities for the rest of the quarter and to guide you in your registration decisions for next quarter.

Print one form for each of your classes this term, follow the instructions on the form, and submit to the CHASS Student Academic Affairs office in 3400 Humanities and Social Science Building by the date indicated.
