

The Department of Society, Environment, and Health Equity (SEHE)

## GLOBAL AND COMMUNITY HEALTH MAJOR REQUIREMENTS

Global and Community Health majors address social inequities and health. In this major, you will study innovative and community-engaged approaches to overcome health inequities and promote health justice. Majors learn how to read statistical data and how to communicate it to broader audiences, how to analyze relationships between the local, national, and global scales, and how to identify structural causes of individual outcomes.
